Faculty Positions in the Department of Civil & Environmental Engineering

The Department of Civil and Environmental Engineering invites applications for several tenure-track faculty positions to begin July 2015 or thereafter. Appointments will be at the assistant or untenured associate professor level. In special cases, a senior faculty appointment may be possible. We will consider exceptional candidates in a range of areas, broadly defined. Further information about the department can be found at [this page](#).

The candidate should have demonstrated excellence in original research and have strong fundamental knowledge in a core area. Faculty responsibilities will include teaching at the graduate and undergraduate levels, developing course materials, student advising, conducting original scholarly research, and supervision of student research. Applicants should hold a Ph.D. by the beginning of employment.

Applications are being accepted electronically at <https://school-of-engineering-faculty-search.mit.edu/cee-search/register.tcl>. Each application must include: a curriculum vitae, the names and addresses of three or more references, a two-page strategic statement of research interests, a one-page statement of teaching interests, and electronic copies of no more than three representative publications. It is the responsibility of the candidate to arrange for reference letters to be uploaded at <https://school-of-engineering-faculty-search.mit.edu/cee-search/letters>.

Applications received by **December 1, 2014** will be given priority.

With MIT's strong commitment to diversity in engineering education, research and practice we especially encourage minorities and women to apply.
