

Infrastructure Innovation

In A Changing Environment

CONFERENCE

Hosted by the MIT Department of Civil and Environmental Engineering in conjunction with the Industrial Liaisons Program (ILP), the conference will explore new economic opportunities and market-driven responses to the challenges facing large-scale infrastructure projects. Join the discussion about issues ranging from aging or nascent infrastructure and population growth to the emergence of massive data, new transportation technology, advanced energy sources, and security.

Nov 20, 2015

Media Lab, E14-674
