

Since 2011, Benevento, due to the Santa Sofia's Church with its Cloister and the buffer zone hosting several other outstanding samples of longobard legacy, is part of "Longobards in Italy. Places of the power (568-774 A.D.)", inscribed as a UNESCO World Heritage site in 2011

# IEEE International Workshop on Metrology for Aerospace

**Benevento, Italy, May 29-30, 2014**

### General Chairs

Pasquale Daponte, *Italy*  
 Marina Ruggieri, *Italy*

## About the workshop

MetroAeroSpace aims to gather people who work in developing instrumentation and measurement methods for aerospace. Attention is paid but not limited to, new technology for metrology-assisted production in aerospace industry, aircraft component measurement, sensors and associated signal conditioning for aerospace, calibration methods for electronic test and measurement for aerospace.

## Workshop topics

- Electronic instrumentation for aerospace
- Automatic test equipment for aerospace
- Sensors and sensor systems for aerospace applications
- Wireless sensor networks in aerospace
- Attitude- and heading-reference systems
- Monitoring systems in aerospace
- Metrology for navigation and precise positioning

## Paper submission

Paper submission will be handled electronically, through the submission page set up on the conference web page: [www.metroaerospace.org](http://www.metroaerospace.org)

The best contributions will be awarded, including the Best Student Paper Award and the Best Paper authored and presented by a woman.

Special sessions will be organized on specific topics, see online at:

[www.metroaerospace.org/index.php/program/special-sessions](http://www.metroaerospace.org/index.php/program/special-sessions)

## Important dates

March 9, 2014	- Abstract submission deadline	May 10, 2014	- Submission of final manuscript, and Registration
April 12, 2014	- Acceptance / Rejection notification
